NOTE: The numbers in this spreadsheet were already superseded by the time the Watertown Daily Times went to press. Another 312 votes had been added to the totals, of which Owens got 136 (44%), Hoffman got 122 (39%), and Scozzafava got 54 (17%). These percentages are quite different from the precincts that reported earlier. Probably the newly reporting precincts were in Oppenheim and/or Stratford, as the ballots from Northampton and Perth had to be hand counted due to voting machine failure and the results were not available when the Watertown Daily Times went to press. The most anomalous precinct was Mayfield's 1st district, where Hoffman got only 30% of the vote.
